

St Louis Screw & Bolt Introduces the RPK (Rigid Polyethylene Keg) a New Bolt Storage/Shipping Container

Some advantages of (RPK's)

- Easy to open, yet tamper proof lid
- Lids can be re-sealed simply
- Reusable, and able to Re-purpose for lots of uses
- Smooth edges, prevent cuts & scrapes that come with traditional metal kegs
- Durable sidewalls
- Completely moisture tight
- "Built in handles" to maneuver kegs
- Color coded lids identify grade of bolts in kegs
- 100% Recyclable and good for the environment
